SUBJECT

: Bequirements to be Submitted to Mr.

25X1X6

- 1. Do plans exist in any of the Satellite countries for the development of inter-city trucking?
- 2. What percentage of domestic rolling stock and locomotive production is being allocated to domestic transport in the various satellite countries? What are plans for future allocation of this equipment?
- 3. To what extent is the development of transport keeping pace with economic development in the various Satellite countries?
- 4. What are the principal transport deficiencies in the various Satellite countries?
- 5. To what extent are the International Freight Tariff Agreement (SMOS) and the Uniforn Transit Tariff (UTT) stimulating international trade and regional economic specialization within the Bloc?
- 6. To what extent, if any, have SMGS and UTT stimulated changes in internal Satellite railroad freight rates?
